INTEGRITY • INTELLIGENCE • IMPACT

Big Four Trained Expertise

AI-enabled, ESG-integrated, and globally connected advisory helping organisations navigate complexity, regulation and global growth with confidence;

Delivered through a global network of experienced advisory partners across key international markets

Why Aureliant

- Global, multi-jurisdiction advisory capability
- AI-enabled governance and regulatory intelligence
- Big Four-trained expertise with enterprise experience
- Boutique agility with global reach
- Global Accountants & Advisors
- UK • US • EU • Middle East • Asia

Our Mission

To elevate trust in financial, regulatory, and sustainability information through rigorous technical judgement, AI driven insights, and responsible advisory practices.

Our Purpose

We exist to help organisations operate with integrity, transparency, and future readiness

Vision

To be a globally recognised advisory firm where intelligence, integrity, and innovation converge to shape the future of finance, sustainability, and responsible business.

Values

• Integrity • Intelligence • Impact • Stewardship • Collaboration

Leadership and Governance

Aureliant is founded and led by a senior finance and technology professional, FCA (ICAEW), MBA (Edinburgh), with over 26 years of global experience across Big Four audit and assurance, advisory, financial reporting, ESG transformation, regulatory compliance, and multi-jurisdictional structuring.

The firm's leadership drives Aureliant's global strategy, governance framework, and cross-border operations, supported by an experienced Advisory Board and a network of senior specialists across audit, tax, ESG, regulatory, technology, and AI governance.

Leadership Perspective

“Our purpose is to shape the next generation of business — delivering long-term value, strengthening communities, and advancing responsible, sustainable growth across global markets.”

Partner with Aureliant to build resilient, future-ready organisations.
